

YARD GUARD LANDSCAPING

Artificial Turf Market Entry Strategy

Residential Growth Plan 2025-2026

*"Transforming GTA backyards into low-maintenance outdoor
living spaces"*

The Opportunity

Canada's artificial turf market is projected to reach **\$549.4 million by 2030**, growing at 5.9% annually. Yard Guard Landscaping is uniquely positioned to capture this market with 15+ years of landscaping expertise, 3D design capabilities, and year-round customer relationships through snow removal services.

Yard Guard Landscaping

Confidential Strategic Document

The GTA artificial turf market has 10+ established competitors. However, they all share common weaknesses that create our opportunity.

COMPETITOR	YEARS	FOCUS	WEAKNESS
SynTurf	33 years	Full-service turf	No 3D visualization
Echoing Green	20 years	European turf	Closed weekends
Design Turf	25 years	Putting greens	Niche focus only
Fieldmasters	30 years	USA-made turf	Turf-only service
GTA Turf	Est.	General installation	No differentiation

What They Say

"Quality turf"
"Professional
installation"
"10-year warranty"
"Free quotes"

*Everyone says the same
thing.*

VS

What We Say

"See your backyard in
3D first"
"Complete outdoor
transformation"
"Year-round property
care"
"One contractor for
everything"

Nobody else can say this.

Yard Guard Landscaping

Confidential Strategic Document

Three strategic advantages that competitors cannot easily replicate:

Weapon #1: 3D Visualization Technology

Using advanced 3D design software, we show clients their **actual backyard** transformed—not generic photos. This removes buyer uncertainty, increases close rates, and justifies premium pricing. No competitor in the GTA market emphasizes this capability.

Weapon #2: Full-Service Integration

Turf-only companies can **ONLY** do turf. We offer complete backyard transformation: artificial turf + patios + retaining walls + outdoor kitchens + water features + lighting. **One contractor, one vision, one timeline.** Clients don't need to coordinate multiple companies.

Weapon #3: Year-Round Relationship

Our existing snow removal infrastructure creates continuous customer contact. We're the only company that installs artificial turf **AND** properly maintains the property through Canadian winters. This builds loyalty and generates referrals that turf-only competitors can't match.

"You cannot win by being another turf company. You must be something they cannot be."

Three focused packages targeting distinct customer segments:

The Easy Lawn

For homeowners tired of mowing

\$12-14

per sq ft

- ✓ Premium polyethylene turf
- ✓ Professional base preparation
- ✓ Clean edge finishing
- ✓ 10-year warranty
- ✓ 3D visualization included

The Pet Yard

For dog owners

\$14-17

per sq ft

- ✓ Antimicrobial pet turf
- ✓ Enhanced drainage system
- ✓ Zeolite odor-control infill
- ✓ Easy-rinse design
- ✓ 3D visualization included

The Golfer's Green

For golf enthusiasts

\$22-28

per sq ft

- ✓ Tour-quality putting surface
- ✓ Custom contours & breaks
- ✓ 3-4 cup positions
- ✓ Fringe turf surround
- ✓ 3D visualization included

The Neighborhood Takeover Method

Instead of broad marketing, we dominate one neighborhood at a time—creating visible social proof that spreads organically.

Step 1

Secure Anchor Installation

Offer 20% discount to first customer in target neighborhood (Lorne Park, Port Credit, The Kingsway) in exchange for yard sign, testimonial, and hosting a backyard tour event.

Step 2

Neighborhood Blitz

Door-knock 50 homes within 500m radius. Script: "Your neighbor at [address] just transformed their backyard. We're offering neighbors a preview this Saturday plus 10% off."

Step 3

Backyard Tour Event

Host 2-hour open house at completed project. Bring iPad with 3D design software. Collect contact info. Show what's possible.

Step 4

Convert & Repeat

Target: Convert 2-3 neighbors within 60 days. Each new installation becomes another anchor. Repeat the cycle. Dominate the area.

Target Neighborhoods

Lorne Park

\$1.5M+ homes, large lots

Port Credit

\$1.2M+ homes, established

The Kingsway

\$2M+ homes, premium

Months 1-3: Foundation

Setup & First Projects

- Establish supplier relationship (Bella Turf or SYNLawN)
- Complete training and certification
- Purchase equipment (\$2,000)
- Set up 3D visualization software
- Complete 5 "Founding Customer" projects
- Build initial portfolio with photos/testimonials

Months 4-6: Launch

Market Penetration

- Update website with new service pages
- Launch first neighborhood takeover campaign
- Cross-sell to existing landscaping & snow clients
- Implement "See It First" 3D guarantee
- Target: Complete 8-10 additional projects

Months 7-9: Scale

Growth Acceleration

- Launch Google Ads campaign (\$500-1,000/month)
- Expand to second target neighborhood
- Introduce maintenance subscription program
- Pursue CTI-L certification
- Target: 10-12 projects this quarter

Months 10-12: Optimize

Refinement & Expansion

- Launch formal referral program
- Evaluate putting green specialization
- Consider partnership opportunities (pool companies)
- Plan Year 2 commercial expansion
- Target: Finish year with 30 total projects

Year 1 Investment

Category	Investment	Purpose
Equipment	\$2,000	Turf cutter, seaming kit, power broom, roller
Software	\$360	3D visualization (\$30/month)
Founding Discounts	\$4,000	20% off first 5 projects for portfolio
Marketing	\$5,000	Website, materials, Google Ads
Training	\$500	Certification and courses
Contingency	\$2,000	Unexpected expenses
TOTAL	\$13,860	

Revenue Projection (Conservative)

Quarter	Projects	Avg Value	Revenue	Profit (15%)
Q1	5	\$5,500	\$27,500	\$4,125
Q2	8	\$6,500	\$52,000	\$7,800
Q3	10	\$7,000	\$70,000	\$10,500

QUARTER	PROJECTS	AVG VALUE	REVENUE	PROFIT (15%)
Q4	7	\$7,000	\$49,000	\$7,350
YEAR 1	30	\$6,600	\$198,500	\$29,775

187%

Projected Return on Investment

Invest \$13,860 → Return \$29,775 net profit

This Week

1

Contact Suppliers

Call Bella Turf and SYNLawn to schedule meetings, request samples, and negotiate contractor pricing.

2

Set Up 3D Software

Download iScape (\$30/month) and practice creating designs using photos of your own property or past projects.

3

Identify First Customers

List 10 existing clients (landscaping or snow removal) most likely to want artificial turf. Prioritize large yards, dog owners, golf enthusiasts.

4

Order Equipment

Purchase essential tools: turf cutter, seaming kit, power broom, roller. Approximate cost: \$2,000.

This Month

5

Complete Training

Finish supplier training program. Learn installation techniques, product specifications, and warranty requirements.

6

Create Package Pricing

Finalize pricing for three packages (Easy Lawn, Pet Yard, Golfer's Green). Calculate costs, margins, and minimum project values.

7

Reach Out to Prospects

8

Document Everything

Contact top 10 existing clients with Founding Customer offer. Present 3D mockup capability. Book first 2-3 projects.

Photograph and video every step of first installation. Collect testimonial. Request Google review. Build portfolio from day one.

The Goal Is Clear

Not to be another turf installer.

To be the only choice for backyard transformation in the GTA.
